Dale,
Wanted to forward this right away to you. Here is the IBC that we just received via email this afternoon. It has 4 pdf map attachments that I hope won't exceed your email file capacity limitations. I'm printing out a copy now for our review and file. Mark will be sending hard copies by tomorrow. I'll call you tomorrow and we can discuss details further.

Thanks,
Wayne

Pam Grubaugh-Littig,

Re: 2007 IBC, Bear Canyon Mine, C/015/025

We are submitting this amendment to allow mining on 150 acres of private coal. The surface owner of this area is the Forest Service. This area is being added because of delays in the Federal Lease Amendment that has already been conditionally approved by DOGM. Attached is a plate outlining the areas of the current permit, the lease addition, and the area being added with this amendment.

If you have any questions, please call me at (435) 687-2450.

Thank You,

Wayne,

Sorry about taking so long to get the amendment mailed to you. We were finishing it up this morning when Pete and Henry Austin of OSM walked in. I put the amendment on hold and accompanied them on their inspection of the mine. As soon as they finished their inspection I finalized the amendment and emailed it. We are mailing out the hard copies today so they should arrive by next Monday.

Thanks for all of your help.
